

Responsibility of Voters To The High School Question

In order to present our readers a picture of the area for the proposed new high school, we publish this map. The figures indicate school districts. New Lenox, being a newly incorporated village is not shown as other villages, but it lies centrally in district 122 area. Adjoining Frankfort township on the north is Orland township, showing the close relation of this proposed high school area.

Heavy line encloses the area for the proposed community high school district which will be voted on June 23.

With the special school election to determine whether Frankfort township and the major parts of New Lenox and Manhattan townships shall form a community high school district only a little more than a week away, it is urgent that residents in this area should recognize the importance of the election to be held Saturday, June 23.

Proponents of the proposed district are pleased at the report of Vernon L. Nickell, superintendent of the department of public instruction of the state of Illinois, to Louis Bottino, Will county superintendent of schools, authorizing the latter to call an election on this issue.

After an intensive survey of the area by Mr. N. E. Hutson, legal adviser to the department of Public Instruction, as to whether the proposed district will be able to provide a recognized four year high school at a reasonable cost to the taxpayers and a study of the advantages over present high school facilities furnished children in the district, Mr. Nickell gave his stamp of approval to the proposal.

An earlier study of the area by Dr. William C. Reavis, the eminent authority on school administration from the University of Chicago, had also indicated that this area could support an outstanding high school. Dr. Reavis once said to the committee appointed by the township boards of education, that this area could well support one of the outstanding high schools in the state if the people so desired. He based this opinion on the high property valuation behind each child who would need high school facilities. The Nickells report pointed out that the area is well serviced by excellent roads and that any central location in the proposed district could be reached conveniently.

Various alternatives were rejected by the report as not being suitable to the needs of this area as the proposed community high school district. The abolition of the non-high territory by July 1, 1953 makes it necessary for this area to provide other educational opportunities for its youth than the present non-high school district affords.

Another alternative, that of having the present grade school districts pay high school tuition rates, would be impossible for most districts in the area. Very few, if any, district could legally make a sufficient levy. For example the New Lenox District 122 with a present educational rate of .63% would have to triple this rate to support its high school youth, but is prohibited by legal limitations of going beyond 1.12% even by special referendum.

A third alternative, that of creating a community unit, desirable as it is in the educational advantages it might afford, is not considered best right now because certain school districts which would be included in it have outstanding bond issues which would limit the possibilities of building a suitable high school to some extent.

Another possibility, that of joining with the Joliet district, is confused at present by the lack of agreement in Joliet as to what kind of school organization Joliet Township should have. The high school board in Joliet and the grade school board are in rather violent disagreement as to whether the present dual system or a unit should be created.

As no one can foresee the result of this disagreement and as to how long it might continue, this area must make its own plans.

SALOON GIVES WAY TO CHURCH

The village board of Orland Park issued a permit to convert the building which housed Barney's tavern in the village, into a church, to be used by the congregation of the Church of the Nazarene. Old timers recall when Kruspe's saloon was operated there.

Barney's tavern occupied the premises until the first of the year when the proprietor failed to renew the license.

The congregation of the Church of the Nazarene are now occupying the rooms back of the tavern, but as these rooms have been leased for a period of two years by the Orland Park high school, they are anxious for the remodeling of the new church to be completed.

The high school will use the rooms for a class room and a science laboratory.

Rev. Dewey Mounts of Kankakee is the pastor of this new church in Orland Park. He spends each week end in Orland Park where his congregation is growing.

Mokena Merchant Married June 10

Mrs. Florence Yunker and Mr. George F. Wannemacher, both of Mokena, were united in marriage Sunday afternoon, June 10 at 4:30 o'clock, in St. John's Evangelical and Reformed church, with the Rev. William J. Riemann officiating. They were attended by Mrs. Ruth Allison and Mrs. Louise Hentsch. Later they attended the birthday party in the home of Mr. and Mrs. August Werner.

After a two weeks wedding trip to Florida they plan to live in the home of the bride on First street.

St. John's Youth In Comedy Sat. Night

The Youth Fellowship of St. John's church will give their annual play on Saturday evening 8 o'clock. It is a mystery-comedy entitled "The Eighteen-Carrier in Boom." It is being produced under the direction of Mrs. Henry Clark and promises to provide an evening of hilarious fun and entertainment.

Every member received a card during this week notifying him of a very important meeting to be held on Thursday, June 14. If any one was missed it was not intentional, unless perhaps his dues were not paid yet.

The 5th District meeting was held in Joliet Sunday, June 10. Comrades George Beirger and Fred Steinhagen were in attendance.

This month closes the fiscal year for the Dept. of Illinois VFW. An effort should be made to close with 100% membership. The Dept. of Illinois Encampment will be held in Springfield on July 13, 14 and 15. Can we do it?

Just about every community in this Great Lakes area has had some sort of program for defense, but let's examine what we have done—Zero for accomplishment. I do not want to be an alarmist, but I think we of the VFW know more about the horrors of war than any other group in the United States. Of course, we want to forget, but with world conditions as they are, we should be the first to preach preparedness, and to take what action we can.

Now, let's examine what we can do.

1st, we should start a program of blood typing every one in the community and furnish every person with a type of dog tag with the blood type on it.

2nd, we should get the Red Cross to come here to take blood from all able bodied people for a blood bank. If we do not use it, it can be used wherever it is needed.

3rd, we can institute a program for plane observation and alert signals.

4th, institute an educational program to instruct people on what to do in case of air raid.

Are you with me, or do you want some other organization to do it?

—Eino Saarela, publicity.

Home Bureau Gives New Members' Tea

About 250 Home Bureau members attended the new member tea at the Willow Avenue church last Friday. The afternoon program opened with a style show of coats and suits made by members under the direction of Betty Wingrove. Mrs. Wingrove was commentator.

Mrs. Frank Goodwin read the names of the new members who had been greeted at the door and presented with a corsage made by the 4H clubs led by Helen Frances, Maude Jones and Myrtle Goodwin. The Crete unit had the honor of obtaining the most new members. Mrs. Fangman is their chairman.

The Mellowtones of Wesley sang two numbers. The sextette is composed of Ruth Jackson, Myrtle Goodwin, Helen Goodwin, Lenora Butterfield, Esther Zimmerman and Winnie Goodwin with Gladys Goodwin as accompanist.

The speaker, Mrs. Elza McDole of Elmhurst, was introduced. Her topic, "Hobbies for Fun and Profit" proved to be very interesting and amusing. Urging women to use materials found around the house, she chose little Georgia Volting to model an Indian suit made of gunny sacks. Much of her handiwork is made to amuse children.

"Those old tin cans, too, are good for something," she said, as she demonstrated how to make an angel. Old Christmas cards came in for their share of interesting uses, as did fishing weights and various other articles. Because Mrs. McDole thought the world needed more laughter, she wrote amusing limericks and jingles.

At the close of the lecture, the audience was invited to the tea table where refreshments were served by Betty Wingrove, home advisor, and Kay Anderson, assistant home advisor. The tables were attractively decorated by Mrs. Norman Krapp's 4H club. Other tables, decorated for each month of the year, were displayed by the girls.

Arrangements for the tea were made by Mrs. Frank Goodwin, county vice-chairman.

G. Hobson-J. Yeager Wed in Joliet

Mrs. Goldie E. Hobson and Mr. Joseph W. Yeager, both of New Lenox, were married Saturday morning at 11 o'clock in the Richard Street Methodist church Joliet. The Rev. Robert Mulligan officiated. Troy Leyerle, of Joliet, was their only attendant.

The bride wore a coral suit with black velvet hat and black accessories. Her corsage was of yellow roses. They went on a short motor trip and plan to take a wedding trip in July. They will live in New Lenox.

On Monday night a large group of friends greeted them with an old fashioned chivaree.

The bride formerly operated a beauty shop in New Lenox and the bridegroom is employed by the Rock Island railroad.

LETTERS TO THE EDITOR

Mokena News-Bulletin, Mokena, Illinois.
Dear Editor:

I noticed that the Pioneer Cemetery was cleaned up in time for Memorial Day, thanks to the Scout mothers and boy scouts and girl scouts. I suppose some dads got drafted too. It looked real nice for awhile.

Now I suppose the other organizations in town will take a little civic pride and keep the place clipped through the summer. It would be a shame if no one looked after it until next Memorial Day.

I understand that there are two veterans groups in town now. If one or the other would take some civic action, they would get advertised around, and the young fellows in town would get on the band wagon. Everybody likes to belong to an outfit that is active and does things.

I hope the men in town felt a pang of conscience when they saw the women and children doing the work they should be doing. Maybe it was a sign of relief to know somebody else did the work.

Sincerely,
Elsie

Novak Is School Trustee Says Court

By court order last week Edward Novak, 147th and Division, was named township school trustee of Bremen township and the court directed township school treasurer, Fred Goebel, to recognize Novak as elected.

The board of township trustees had split the 201 write-in votes between Edward Novak and an Edmund Novak, in his campaign against John S. Knight. According to Judge Eugene Leitmann, of Sangamon county, presiding in place of County Judge Edward Jarecki, the school trustees sitting as a canvass board, had no authority to do this and the judge declared that the majority of the voters wished to elect Novak.

Richard J. Barr

of Peter Shuts. For the first two years in that he slept on a cot in a shed back of the office. A few years later he formed a law firm with his brother George, called Barr and Barr.

His political career started as City Attorney in Joliet in 1899. He was elected mayor of that city in 1900 and again in 1905 during which time he promoted the consolidation of the five Joliet railroad stations and the elevation of the tracks through the city.

He was well known in this territory by his frequent visits here, especially when a candidate for the senate. He was a backer for the Wolf road pavement program and gave valuable aid to the late William Semmler and James V. Hall, and L. G. Bruder and Charles Hirsch in the long battle for that project.

When the road was finished to the cemetery bridge and a big road opening party was held in St. Mary's hall on a Sunday afternoon, Senator Barr cut the ribbons opening the road officially.

The Illinois House and Senate adjourned upon hearing the news of Senator Barr's death. They attended the funeral services in a body.

Surviving are a daughter Mrs. Mary West, two sons, R. J. Barr a Joliet architect, and William Barr, an executive in the office of the housing expediter in Washington, a sister, Mrs. Fannie McMillen, Lohrville, Ia., and five grandchildren.

Funeral services were held Wednesday afternoon in Christ Episcopal church with the Revs. Charles E. Bennison, and Walter H. Macpherson, of the Universalist church officiating. Burial was in Elmhurst cemetery.

He was a kind man, one who never held a grudge, helpful to his friends and constituents and an able politician who was able to see the overall picture of each issue.

Some New Lenox folks have been wondering why the VFW Auxiliary had two poppy days this year—perhaps this will explain it. On May 26, the day set for Poppy day, two poppy sellers started out at 6:30 a.m. and then came the rain. Because of the steady rain they were called in, and poppy day called off.
Now, because the poppys were bought and paid for in advance, another day, June 2, was set aside for selling the poppies. \$14.80 was netted from their sales which will be spent for relief work for the veterans. Members of the Auxiliary are hoping this will explain the reason for having two poppy days in New Lenox.
Colored slides, a Travelogue of Europe, will be shown at St. Jude's school hall at 8 p.m. June 22 when Miss Marjorie Ochs, a teacher at JTHS, will show the interesting pictures. Only 500 tickets are available for this program and can be purchased from any member of the Altar and Rosary society.

LET'S PLAY BASEBALL

Sportsmen Swamp Seals 15-3
On Sunday, June 10 the Tinley Park Baseball club visited the Seals A. C. and clubbed out a 15 to 3 victory.

The game was featured by Rump's well scattered 8 hit pitching for Tinley while the Sportsmen pounded out 12 extra base hits and a total of 25 hits. The Sportsmen counted one run in the first inning when Kuech walked, stole second and rode home on Blonquist's double. The Seals bounced back with 2 runs in the last of the first on an error, a single and a triple.

Tinley got 2 singles in the second and one in the third but could not score.

Rump struck out the side in the second, but gave up 3 singles for 1 run in the third making the score 3 to 1 in the Seals favor.

From the fourth inning on the Sportsmen opened up their big guns. In the fourth 3 doubles and 2 singles counted 4 runs. The fifth inning showed some more hitting when Tinley bunched 2 doubles and 2 singles for 3 runs.

In the sixth a single and a triple counted one more.

Two doubles, a single, and a triple was good for 3 runs in the seventh.

As the eighth inning rolled around Tinley showed they had plenty of strength left when 2 doubles and 3 singles scored 3 more runs.

After the first 2 men rolled out pitcher to first in the ninth inning, Rump who evidently had not heard that pitchers could not hit, smashed his fifth hit in 6 times at bat.

The slugging was headed by Rump and Ficker with 5 for 6, Kuech had 4 for 5, Rick hit 4 for 6 and Anderson 3 for 6.

On Sunday, June 17, the Sportsmen will play host to Columbus Manor. Come out and see the Tinley boys smack that baseball.

Game time 2:30 p.m.

An Editorial

Today is Flag Day, and that recalls to us the controversies, past and present, concerning our Flag.

We know that Betsy Ross is credited with having made our country's first OFFICIAL flag, as designed by George Washington.

We are living in troubled times. We are reading and hearing much of men in high official places who are thought to be more concerned for other countries than our own.

Let us, in retrospect, recall some of George Washington's dark days: Have the 176 years which have elapsed since that first 'shot heard 'round the world' at Lexington been forgotten by—what? Too much prosperity, too much ease, too much independence, too much arrogance in a large successful country? God forbid.

Or are we REMEMBERING 'that shot'? Concord bridge, and the many events that fly past us from those days of long ago.

And because that flag, ordered by Washington, carried so proudly by him, and which has served as our Flag ever since, has a meaning which never can be filled by any other flag, it has earned its respect through innumerable trying days.

To us, and many others, it was a shock, when last October two United Nations flags were presented to the University of Illinois and the College of Agriculture by The Isabel Bevier Home Economics club on behalf of the home economics department. Miss Charlene Woodson, home economics senior and vice president of the Home Economics Club presented the official United Nations symbol to Provost Coleman R. Griffith for the University of Illinois and to Dean H. P. Rusk for the College of Agriculture.

In acceptance of that flag, Dean Rusk said, among other things: "I hope that on each anniversary of this occasion the flag will fly along side our Stars and Stripes". Has the UN flag earned that right? Is it because of our membership through the United Nations with Communist countries?

It seems that in those infant days of our country, even then there were unfaithful ones. We are told that the British had been informed by two Americans who were serving as British spies, and relayed the information to the British of the important ammunition and supplies that were hidden at Concord. Ironically, one of these spies, Benjamin Thomas, was a university student, from Harvard.

But through this all we see gleams of light occasionally. The city of Ottawa, Illinois and its council last year, adopted an ordinance forbidding the Display of the United Nations flag in a position equal to or superior to that of the American flag.

A note from John J. Umbebaum, of Aurora, last fall said: "Some time ago I believe you were criticized for objecting to have a United Nation flag hoisted. You have support of Aurora's Aldermen. They also objected to it." Mr. Umbebaum is a subscriber and former resident of this section.

May every village and city pass such ordinances to forbid the flying of the UN flag until it has earned THE PEACE which it signifies.

And when we give the Pledge of Allegiance to our Flag are we being consistent?

Word from Mr. and Mrs. Barney Hostert tells of them running into a little of the snow which Canada had recently.

Mrs. Kate Horras, who has been staying with her daughter Alice and family in Chicago, spent the weekend with her daughter Mrs. Marie Cooney and family. Word from the Little Company of Mary hospital where Mr. Cooney is a patient following the explosion at the Ford plant last week, is that he is doing as well as can be expected. He is suffering greatly, as well as the other men who were also in the explosion. Mr. Cooney seems to be the more severely burned. He will be in the hospital for many months and will need skin grafting.

Many new homes are being built in Mokena. The William Weber family have started an addition to their present farm home on the Tinley road, of six large rooms; Mr. and Mrs. George Bills have started a new home on Parker road; Russel Anderson and Winton Hamilton are also building a house on Parker road. In the Woodland Circle are several new houses being built and north of Wolf road, in Sunny Acres subdivision, many new homes are in the process of building.

The parish picnic of St. John's church was held under fair skies and perfect weather last Sunday. More than 200 people were served a picnic lunch in the church parlors at noon. The activities in the village park started at 1 o'clock. The children of all ages were out in large numbers and enjoyed the games, contests, refreshments and romping on the green and fresh grass. Once again the married men nosed out the single men in their ball game. Clarence Lauffer received the "cup" for the winning red side.

Jack Medema who was graduated from JTHS last week has entered the employe of The News-Bulletin to learn the printer's trade. His father is foreman of the shop.

A son was born Wednesday June 6 to Mr. and Mrs. Kenneth Corniels, in the Mercy hospital at Long Island, New York. The baby weighed seven pounds, twelve ounces. The birth was by cesarean section. Mrs. Corniels is the former Hyacinth Rinke. Mr. and Mrs. Corniels will soon be moving back to Mokena as he has been transferred by the Southern Pacific railway to Chicago. They will live with her parents, Mr. and Mrs. George Rinke until their house on Front street is vacated by the Jack Ansetts who are building a home in Sunny Acres.

George Rinke Jr., a radio operator on the US Rockbridge has just completed an ocean trip from California to Norfolk, Va., by way of the Panama Canal. He stated the canal zone was most beautiful. His ship now is training midshipmen from Annapolis.

Boy Scout Summer Camp
Boy Scouts of Troop 40 of Mokena will go into camp at the Scout reservation at Morris June 24 to 30. It is an ideal camp for boys in natural scenery and surrounding.

The activities include boating, rifle range, bait casting, fishing, archery, scoutcraft, campfires, camp work projects, nature study and swimming. The latter activity is the most popular and is done in a safe outdoor pool with swimming instructors.

The cost per boy is below \$10 which includes food and lodging for a week. Every boy expecting to attend camp this year should report at the village park at 7:30 p.m. next Monday with one of his parents for instructions about camping needs and final arrangements.

JOLLY TROOPERS
The last meeting of the Mokena Jolly Troopers was held Saturday afternoon June 2 in the home of Nancy Armins with the president, Mary Ann Rinke presiding. Day camp will be held in West park in Joliet June 28. Accident and fire prevention talks were given by Ruth Stevens and Carolyn Shevolas. A demonstration on relish trays was given by Mary Ann Rinke. Doris Schroth gave a talk on dry ingredients. Violet Teske had charge of recreation followed with refreshments. The next meeting will be Tuesday evening June 19 at Joanne Hecht. Violet Teske, publicity.

"Just Been Thinkin'"

What a strange and forgotten world there is in an attic! From the cobwebs and the dust of old dreams, we stir once more our sleeping memories. As if by magic they become once more as real as life—a time-worn cuckoo clock, a box of letters grown yellow—perhaps even an old, old

ROCKING CHAIR

Young sweethearts loved to nestle here
(My snugness had its charms)
And mothers came in ecstasy
With infants in their arms.

The little ones once looked at me
With wishes in their eyes—
They hoped to scamper on my lap
If Grandpa should arise.

When I was vacant babies crept
To solve my strange attraction
And rocked me just to chuckle at
My metronomic action.

I was the friend of young and old;
I was most busy when
The time for lullabies arrived
And Mother sang again.

When Sister said "We ought to buy
A newer chair or two"
Old Dad cried out "The day IT goes
Then I am going too!"

And so I stayed beside the hearth,
And sometimes now it seems
I rocked a thousand hearts to sleep
And held a thousand dreams.

I have been loved, and I have loved.
Through years of gentle care,
But these are only memories,
And I—an empty chair.

From where I sit ... by Joe Marsh

Hope "Cappy" Told Him Where To Get Off!

"Cappy" Fisher—who just retired after thirty-five years as a railroad conductor—was telling about a salesman who was often one of his passengers.

"That man was so busy," says Cappy, "he used to bring a dictaphone on the train to catch up on his letters. On one trip he'd been rushing around so much he clean forgot to bring his ticket. Left it on his desk."

When Cappy started to tell him not to worry about the ticket, the salesman busts out with "Who's worried about the ticket? It's just

that now I don't know what city I was going to get off at!"

Cappy might have been pulling our leg, but from where I sit, lots of us get so wrapped up in ourselves we often forget "where we're going." Some folks get so narrow they even begrudge their neighbors the right to enjoy a glass of beer now and then. Let's not forget that just as trains run on steam and oil, democracies run on freedom and tolerance!
